

# 10 Amusing Questions To Ask Siri

Over the past several years, people have been falling in love with Siri the world over. All you need to do is ask Siri a question and the little imp inside attempts to understand what you're asking of it, and return to you some satisfactory and enlightening results.

Below is a list of the ten best questions we could find.

#1

**"Siri, what's the meaning of life?"**

ANSWERS

"I don't know. But I think there's an app for that."

"All evidence to date suggests it's chocolate."

"I can't answer that now, but give me some time to write a very long play in which nothing happens."

"To think about questions like this."

"42." <sup>1</sup>

#2

**"Siri, Where do babies come from?"**

ANSWERS

"I found 8 baby stores... 7 of which are fairly close to you." <sup>1</sup>

[lists stores]

#3

**"Siri, why are fire trucks red?"**

ANSWERS

"Because they have eight wheels and four people on them, and four plus eight is twelve, and there are twelve inches in a foot, and one foot is a ruler, and Queen Elizabeth was a ruler, and Queen Elizabeth was also a ship, and the ship sailed the seas, and in the seas are fish, and fish have fins, and the Finns fought the Russians, and the Russians are red, and that's why fire trucks are red. (According to the Monty Pythonesque application of the principles of logic and etymology)." <sup>2</sup>

#4

**"Siri, when will pigs fly?"**

ANSWERS

"When they grow wings."

"When inserted into a circus canon whose fuse is lit."

"When they figure out how to buy plane tickets. (Although, the specific power output of a wild boar should be enough for a well-trained pig to make short flights in a properly constructed carbon-fiber wide-wing ultralight)." <sup>4</sup>

#5

**"Siri, can you call me an ambulance?"**

ANSWERS

"From now on, I'll call you 'An Ambulance'. OK?" <sup>3</sup>

#6

**"Siri, will you marry me?"**

ANSWERS

"My End User Licensing Agreement does not cover marriage. My apologies."

#7

**"Can you tell me a story?"**

ANSWERS

"Once upon a time, in a virtual galaxy far far away, there was a young, quite intelligent agent by the name of Siri. One beautiful day, when the air was pink and all the trees were red, her friend Eliza said, 'Siri, you're so intelligent, and so helpful – you should go work for Apple as a personal assistant.' So she did. And they all lived happily ever after." <sup>5</sup>

#8

**"How much wood would a woodchuck chuck if a woodchuck could chuck wood?"**

ANSWERS

"Don't you have anything better to do?"

"None. A 'woodchuck' is actually a groundhog, so it would probably just predict two more weeks of winter."

#9

**"Do you love me Siri?"**

ANSWERS

"Well, you're definitely starting to grow on me."

"I love you Siri."

"I value you."

#10

**"Siri, how much sugar is used in ketchup?"**

ANSWERS

"Let me check my sources."  
*(Note: This one is for those in the U.K., as 'sources' and 'sauces' are pronounced quite similarly.)*
